

SNAP ASSISTANCE

HOW THREE RIVER CAN HELP

Three River Farmers Alliance exercises the belief that local food is for everyone by providing nutrient rich produce to the food insecure; simultaneously reducing waste and increasing income to local producers and growers.

We have created a simple, efficient program for providing weekly donations from our generous contributors. Donations are used to both supplement purchases made by Supplemental Nutrition Assistance Program (SNAP) eligible customers and to purchase excess crops at cost from local farms. We then distribute produce to local food pantries within our community.

SNAP Assistance: If you are a SNAP recipient, sign up for grocery home delivery through Veggie-GO and receive a weekly \$30 stipend towards your order. We do not currently accept direct SNAP payments but are working to in the near future.

Additional Supported Programs: New Hampshire FANF and Massachusetts DTA/EBT cards are accepted as valid proof of SNAP assistance eligibility.
